

## Valley Floor bus change schedule Public Hearing

Date: September 5, 2017  
Time: 5:30 pm  
Place: General Wait House Waitsfield  
Staff Present: Alain Hirsch, Transit Planner

Public Present: Susan Lee  
Bruce Bertholon  
Kristine Keeney (from the Mad River Valley Planning District)

---

Mr. Hirsch called the meeting to order at 5:40 pm and outlined GMT proposal to change the first three morning trips of the Valley Floor bus. Instead of doing the entire loop, the first three buses will go back to Sugarbush via Rte 100. This proposal will help the seasonal workers who stay in the inns on the Access Rd, to get to work more quickly.

Points of opposition to the proposed Route change

- None

Points of support for the proposed Route change

- Ms. Lee was afraid that we were canceling all the routes. She was relieved that it was only a change on the 3 first trips. She uses that bus mostly to go to Bridges Resort. Actually the bus doesn't go all the way to the entrance, so asked if it was possible to be dropped at the entrance.
- Mr. Bertholon didn't have any objection on the proposed change.
- Ms. Keeney didn't formulate any objection either, to those changes. She suggested that we add a bus stop at Christmas Tree Inn. She was more focused on outreach details than anything else.

Mr. Hirsch closed the meeting at 6:00 pm.

Respectfully submitted,

Alain Hirsch, GMT Transit Planner
