Frequently Asked Questions About Fares

Still have questions about fares, payment options, or discounts? Visit RideGMT.com/Fares, call 802-540-2468, or speak with a customer service rep at any of our transit centers or offices.

What is fare capping?

Fare capping helps you save money without needing to buy a pass upfront. When you use the Ride Ready app or a smart card, you'll stop being charged after reaching a daily or monthly/30-day cap. After that, your rides are free during that time period.

I qualify for a discount. How do I pay?

If you're using the Ride Ready by GMT app or smart card and signed up on your own, call 802-540-2468 or speak with a customer service rep to update your account. If you sign up with a customer service rep, let them know you qualify.

If you're paying with cash or contactless credit/debit card you must **tell the driver before you pay.**

Please note: You can only have one discount payment method—either a discount smart card or a discount wallet in the app.

How do I pay for an additional rider?

If you're using the app, scan your own pass first, then activate a second pass for the additional rider.

If you're using a smart card or contactless payment, tell the driver you're paying for another rider and tap your card again.

Please note: Paying for additional riders does not count toward your fare cap.

How do I track my fare cap?

Ride Ready by GMT app users can tap the profile icon in the My Passes tab, then tap "View Details" under "Advanced Cap."

Smart card users can visit the My Account tab of the Ride Ready by GMT e-fares portal, call 802-540-2468, or ask a customer service rep at any of our transit centers or offices.

How do I replace my smart card if it was lost/stolen?

Lost or stolen cards can be replaced through the Ride Ready by GMT e-fares portal, over the phone at 802-540-2468, or the Downtown Transit Center or at our administrative office in Burlington.

Please note: There is a \$5 fee to replace lost or stolen smart cards.

How do credit or debit card payments work on the bus?

When you tap a contactless card, you aren't charged right away. **GMT will charge your card after you take \$10 in rides or after 72 hours have passed—**whichever comes first.

I just added money to my smart card and it's not working. What now?

It may take a little time for the farebox to update. Don't worry—your card can go into a negative balance, and the system will fix it when your funds go through. Keep your receipt just in case and show it to the driver if needed.

I got a new phone—how do I get my wallet back in the app?

Call 802-540-2468, email Info@RideGMT.com or ask a customer service rep at any of our transit centers or offices. They can assist you in transferring your wallet to your new phone.

How do I know when my balance is low?

Ride Ready by GMT app users can check the My Passes tab to view account balances.

Smart card users can check account balances in the Ride Ready by GMT e-fares portal and even turn on low balance alerts in the Notifications tab. Smart card users can also call 802-540-2468 or ask a customer service rep at any of our transit centers or offices.

You can enable text alerts when completing your account registration or by updating your account with your mobile phone number.
