ADA and Special Services

Boarding and Medical Equipment

Passengers with disabilities are afforded the time they need to board and disembark the bus. Many buses can also be lowered to make it easier to enter and exit. Passengers with respirators, concentrators or portable oxygen may bring these items on the bus.

Wheelchair Access

All GMT buses are equipped with wheelchair lifts/ramps and two or more spaces to accommodate wheelchairs up to the weight capacity of the lift/ramp. The bus operator will operate the lift/ramp and secure you and your wheelchair in the tie-down area.

ADA Service / Paratransit Service

Complimentary paratransit requirements are met through provided service deviations. For more information or to schedule a deviation please call 802-223-7287.

Hearing and Sight Services

Route Deviations

Some GMT fixed routes will travel off their fixed route on request. See individual schedules for specific information and allowed distance.

Customers may incur penalties for repeated cancellations / no-shows for requested route deviations or stops. For a Failure to Board Policy, please call 802-223-7287.

Holidays

There is no bus service and the GMT administrative offices & Montpelier Transit Center are closed on the following holidays: New Year's Day, Memorial Day, 4th of July, Labor Day, Thanksgiving, and Christmas. GMT may operate a shortened schedule on Christmas Eve. Please call 802-223-7287 for more information.

Bike Racks

All GMT buses are equipped with easy to use bike racks. There is no charge to use the bike rack. All bike racks hold a maximum of two standard bikes (including children's bikes) and are available on a first come, first served basis. A spring-loaded clamp holds each bike securely and the bike's frame does not touch the bus or other bikes in the rack. Passengers are responsible for loading and unloading their own bike*. Folding bikes are allowed inside the bus, provided they can be kept out of the aisle or under the seat. Passenger must maintain control of the folding bike at all times.

*Certain LINK Express buses have a slide out tray that bus operators will assist with.

Lost and Found

Items lost on the bus may be picked-up the next day after 10:00 AM at the GMT administrative offices. Call 802-223-7287 to be sure your item(s) have been found — items are kept for 30 days. GMT is not responsible for items left on buses.

When booking a trip, you will need to provide your pick up and drop off location as well as your requested time. When booking for a specific time (ie: doctors appointment, work, or event) be sure to choose the **“arrive by”** option in the app or mention to the customer service representative. If you are more flexible with your timing, you can say you would like a **“depart by”** trip and provide your timing there.

For **“arrive by”** trips, the system will look for trips that will arrive anywhere between 59 minutes before your inputted scheduled time and 1 minute after. For **“depart by”** trips the system searches 20 minutes before and 40 minutes after your requested time.

Once your trip is booked, the app or Customer Service Representative will provide you will a 15 minute pick up window of when the bus will arrive to your pick up location*. The ride may move slightly to optimize the daily manifest up until 5PM the night before. At 5PM the day before, your ride will lock into place within the 15- minute window and the system will book any future rides by other passengers in a way that wont impact your ride. In addition, you will receive a robo call or text message with your ride information.

On the day of your ride, you will get a text or robo call giving you an update that your bus is a certain number of minutes away and then you will get further communication from the system when the bus arrives at your pick-up location, you will have two minutes to board the vehicle. If you are using the MyRide by GMT app you can also track your bus live in the system.

***Due to safety concerns around the State Street and Main Street area, GMT has implemented a virtual walkzone. Passengers who are booking trips starting or ending in this zone will be asked to walk to a nearby virtual walk zone location to meet their vehicle. Passengers who are unable to get to the nearest location should call the GMT Call Center to make an adjustment in their MyRide profile for a reasonable modification (see page 3). This will allow curb to curb service within the downtown Montpelier walk zone.**
